**RE: Joint Permit Application Number 20-1619
Green Ridge Recycling and Disposal Facility, Cumberland County, Virginia - Request for
Extension of Comment Response**

Dear Mr. Jones,

On behalf of the applicant, Green Ridge Recycling and Disposal Facility, LLC ("County Waste" or "Company"), we are requesting an extension to respond to the Additional Information Request Letter dated May 13, 2022 from the Virginia Department of Environmental Quality (VDEQ). We have been working to provide additional information and data that the VDEQ has requested; however, several requests are related to the surface water impact quantities and mitigation credits, the final data for which will not be available by the requested response extension date of May 31, 2023.

A Preliminary Jurisdictional Determination (PJD) was requested from the US Army Corps of Engineers (USACE) on September 29, 2022. The USACE requested supplemental information to the PJD which was submitted on February 28, 2023. The surface water impact quantities and mitigation credits may be revised; thus, the PJD approval is desired prior to submitting a comment response.

We, therefore, ask that the deadline to respond to the referenced letter be extended to August 31, 2023. This extension will allow for a thorough response once the approved PJD is received.

If you have any questions regarding this request, please do not hesitate to contact me.
Sincerely,

Brent E. Johnson P.E., P.G.
Vice President
