SECTION VI – DISCUSSION OF POTENTIAL REGULATORY JURISDICTION

As a separate attachment, please provide complete and detailed information regarding the potential regulatory jurisdiction. For sites with multiple addresses include this information for each address.

1. **Immediate Risk:** To the best of your knowledge, does contamination at the property pose an immediate risk of harm to human health and the environment?
2. **Enforcement Action:** Is remediation of the release currently subject to an enforcement action pursuant to city, county, state, or federal environmental laws? Enforcement actions are generally interpreted as orders or civil lawsuits issued by governmental entities to conduct regulated activities at a property or facility. They include environmental orders or agreements (for example, Consent Order/Agreement, Interim Agreement, Letter Agreement) with a city, county, state, or federal agency.
3. **Present or Past Permits:** Has Virginia DEQ or USEPA issued any permits, past or present, to the site? Please note that EPA ID Numbers for hazardous waste generators are not permits, and identify these in the discussion of RCRA jurisdiction.
4. **Waste Generator:** Do any past or current activities conducted at the property require classification as an EPA or Virginia Hazardous Waste Generator? If a facility or operation on the property was or is classified as a hazardous waste generator, specify the applicable identification number in the discussion of RCRA jurisdiction.

5. **RCRA:** Is the site subject to the Virginia Hazardous Waste Management Regulations (VHWMR) per 9VAC20-60-50 et seq.? Provide all EPA ID numbers associated with the site. If the site is or was a hazardous waste (HW) generator, indicate if hazardous waste was treated, stored, and/or disposed of at the site.
6. **Petroleum or Oil Release:** Are the releases currently regulated or have they been regulated under the Code of Virginia State Water Control Law Article 9 §§ 62.1-44.34.8 et seq. or Article 11 §§ 62.1-44.34:14 et seq.? Please note: For releases involving petroleum compounds, it is advisable to inquire with the appropriate regional office about the potential applicability of these articles. Include any pollution complaint numbers (PC#) issued to the site.
7. **Open Dump/Unpermitted Facility:** Has solid waste, construction debris, demolition debris, industrial waste, ash, or any other waste been disposed or otherwise managed on the site? Has the site been determined to be an open Dump/Unpermitted Facility according to 9VAC20-81-45, and do such conditions still exist?
8. **CERCLA Investigation:** Has an investigation been conducted at the property regarding the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), also referred to as Superfund?
9. **CERCLA/National Priorities List (NPL):** Has the site or any portion of the property ever been listed or proposed for listing on the National Priorities List (NPL) established under CERCLA? If yes, when?
10. **Impact to Drinking Water:** Does contamination at the property have the potential to impact or has it already impacted public or private drinking water wells or surface water supplies (for example, supply intakes or streams or lakes)?
11. **Bona Fide Prospective Purchaser (BFPP):** Has this site previously received a BFPP letter? If so, please include the BFPP Number: _____
